Personal Statement

I recently finished my BA (Hons) Graphic Design degree at the University of Cumbria. I am now looking for work or work experience in the industry. I hope to get a job in editorial design.

Skills Profile

I am confident with Photoshop, Illustrator, InDesign and Microsoft Word.
I am competent with Flash and Dreamweaver.
I work well as part of a team or individually having experienced both as part of the course I am taking.

AVCE: Art and Design
A level: PE
8 GCSEs at C or Above
St. Aidan's County High School
Lismore Place
Carlisle
CA1 1LY
95-01

Previous Experience

I spent a week at a company called P.S. Creative, which is based near Carlisle. Their work is mostly corporate identity and brochures. While there I experienced what it was like to interact with clients and printers as well as what it is like to work as part of a creative team.

My Enthusiasms

I am interested in the creative and clever use of words and typography in advertising and editorial. I look for these attributes in design I see everyday and try to implement them into my own work. I was recently awarded membership of ISTD.
